## FocusLive<sup>®</sup> Auto Numbering Add-On

## FocusLive Auto Numbering Add-on For Dynamics CRM

With FocusLive Auto Numbering Add-on for Dynamics CRM you can easily set incrementing ID numbers to your CRM records for any record type / entity

 Add readable ID numbers to your CRM records alternatively to the out of the box – CRM global unique identifiers (Guid's)

Fonctionnalités

- Easily add numbers to any type of record - system or custom
- No need for complex coding of plugins.
- Define and control your record starting number for each entity and name prefix
